NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

This is the final reminder about the annual Clean-up campaign that ends Monday. The city trucks will run Monday, barring bad weather, and all of the trash should be in the alleys ready for them.

This will be just about the last chance for the city to burn the trash and it will make things a lot simpler and cheaper if the clean-up trash is burned rather than buried.

This should be a real good weekend for rodeo fans as it appears that Hamlin Riding Club President Don Elmore is working up a good show this year. And from all indications, parade boss Bryan Wasson should come up with one of the best rodeo parades that Hamlin has had in a long time go get the action started.

The three-night show should provide plenty of action for everyone.

The only problem we can foresee is the likelihood of rain with both the rodeo and the golf tournament set for this weekend. Both of these events seem to be pretty good rainmakers.

Cong. Omar Burleson's weekly newsletter this week deals with the current furor over the Anti-Ballistic Missile system and the whole National Defense system. What had started out as a debate over a defensive missile system has turned into a controversy that could affect the very survival of our nation.

As Burleson points out, many sincere people question the huge sums expended for military purposes and would use those funds for the many social reforms such as rebuilding our decaying cities and providing a guaranteed income for those at the poverty level.

Except for the out and out subversives these people seemingly place their trust on the good intentions of the Soviet Union and Red China, rather than on our capability to defend against their possible aggression.

To us this seems just about as logical as doing away with all of our police departments and hoping that the threat of crime will disappear so that our cities can spend more money on welfare or anything else that someone judges important.

It seems that a good number of the men in Congress want to establish "priorities" to put welfare above national defense. As Burleson points out these people that question the cost of military preparations never seem to worry about the financial condition of our Government but just worry about their pet projects.

There is no question but what a lot of money is wasted in our defense system and these wastes should be stopped but this does not mean that we should just abandon all defense preparedness.

What these ivory tower thinkers never seem to realize is that even the poorest of the poor are better off now than they would be if this nation falls because of financial insolvency or because of an outside takeover.

While there are many people in this nation that need help, they did not get in that condition overnight and their problems will not be solved overnight either.

As long as the Soviets and the Chinese are spending as much as they are on military capabilities we had better keep our military house in order. It would appear safe to assume that they are not spending this vast amount of money because they are afraid we are going to attack them.

Living a sheltered life out in West Texas we just can not comprehend the thinking of these people up north. Even the peacenik students do not bother us as much as do the people that are old enough to know better.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(June 13, 1924)

One more sign that Hamlin is taking on an important position in the trade world is the recent installation of a Cotton Exchange Board in our city. This was fostered by Mr. J. N. Winsor of New Orleans. He spent several weeks here getting things in shape and opening the office.

Central Avenue is again the scene of a nice modern bungalow. Geo. W. Gray is building a new home just south of the old Moore residence.

Dr. Howard is here to spend a few days with his sons, George and John Howard. Dr. Howard is employed by the Abilene Sanitarium for several months.

Since last issue of the Herald information comes from Simmons College that Miss Verna Smith won the highest honors in Art this year. It will be recalled that she was first in Art there last year. She has two more years at Simmons.

This week is the second period of the Judge Morris meeting. With few exceptions his audiences have been very large. Most every one who hears Rev. Morris and the splendid singing of the choir leader, Cunningham, are well pleased with their method of conducting a revival meeting.

Signs that the Orient railway is picking up are now on every hand. The Texas Division is getting 300,000 new ties distributed along the line and already these ties are being placed into position. The Orient is offering special Sunday rates for passengers that will surely bring a great deal of money into its treasury.

TWENTY YEARS AGO
(June 10, 1949)

Continued rain storms, accompanied by strong winds, during the week, brought the 1949 wheat harvest in Hamlin's area to a complete standstill, but farmers were hopeful that cutting can be resumed later in the week.

Damage estimated by wheat men at from 25 to 50 per cent resulted to the remaining crop from the storms, as 1.78 inches of rain fell this week.

A talk by Carl Murrell, local automobile dealer, was on the program at the Tuesday noon luncheon meeting of the Hamlin Lions Club. Murrell discussed the outlook for the 1949 college graduates, basing his talk on an article in Fortune magazine.

Free trips for members of the.

4-H Club who will attend the Round-Up at College Station, have been made possible by the Hamlin Chamber of Commerce.

W. L. Sibley of Gallup, New Mexico, was elected president of the Farmers & Merchants Bank in Abilene this week.

Mrs. M. S. Johnson reviewed the book, "Mama's Bank Account," by Kathryn Forbes, for members of the Friendship Home Demonstration Club, when they met in the Community Center last Friday.

A film on tuberculosis, and the fight that is being made to cut down deaths from this cause was shown to the Hamlin Rotary Club at the Wednesday noon luncheon meeting.

TEN YEARS AGO
(June 11, 1959)

City election to vote on the proposition of issuing \$100,000 in 20-year tax bonds that would finance needed improvements to the waterworks system for the City of Hamlin has been called for Wednesday, July 1, according to Mayor L. H. McBride.

Victor Criswell and Durwood Boyd, Hamlin High School juniors the past session, left Sunday for Austin to attend the annual boys State, to be held on the University of Texas campus.

Several new pieces of playground equipment are being installed this week at the Hamlin City Park, the City Council has announced.

The new equipment includes three slides, eight see-saws and a set of Tarzan bars.

Biggest winner in the Appreciation Day distribution from the treasure chest was made Saturday afternoon at the weekly drawing when a 50 per cent coupon of Mrs. Gean Witt of Hamlin was drawn which paid her \$154.

Three officers of the Hamlin High School chapter of Future Homemakers of America attended a leadership training meeting this week at Tarleton State College.

Attending were Ann Richey, Myra Siburt and Montie Wade.

New officers for the ensuing club year were elected and installed at the final meeting of the current club year last Tuesday evening of the Hamlin Business and Professional Women's Club.

The following officers were installed: Mildred Howard, president; Nettie Johnson, first vice president; Leona Brown, second vice president; Faye Atkinson, third vice president; Rosa Lee Scott, secretary; Lennie Greenway, treasurer; and Tennie Moore, parliamentarian.

Neinda Philosopher Claims He's Heard of A Man Near Here Who Doesn't Owe A Cent of Money

Editor's note. The Neinda Philosopher on his Johnson grass farm on Route One probably doesn't know enough people, his letter this week indicates.

I was busy reading a newspaper out here yesterday and really didn't have time to talk but a man's got to be neighborly and when this neighbor brought me a bunch of vegetables out of his garden I put the paper down and got to talking.

"Did you know," he said, "that there's a man living over in the other end of the county who doesn't owe any money?"

"Whatta you mean?" "I mean he doesn't owe any money. His house is not mortgaged, his farm is clear, he paid cash for his car, doesn't owe any installments on his refrigerator or furniture or television set, doesn't owe the bank anything."

"I don't believe it. Let's go see him. What does he look like? Never seen anything like that."

But my neighbor said he couldn't go right then, had to go by the bank, and I settled back down to thinking.

How many people do you reckon there are in the United States who don't owe anything? I figure if you put them all together they'd still be lonesome.

Intermediate Girls Auxiliary Camp will begin Monday, June 23 at Lueders Baptist Encampment. The camp will continue through noon, June 26.

Intermediate girls from eight associations will be included in this camp. The associations are Abilene, Callahan, Cisco, Fisher, Haskell, Knox, Jones, Stonewall-Kent and Sweetwater.

The theme for this camp is "Through Prayer — Able for Anything."

Dr. and Mrs. Joe Hymer of Ganado are parents of a baby son, Joseph Matthew, born June 3 at 8:05 p.m. in the Mauritz Memorial Jackson County Hospital in Ganado. He weighed 6 lbs. 14 oz.

The Hymer have three other children, Michael, Mitchell and Stephanie.

Grandparents are Mr. and Mrs. Don Hymer and Mr. and Mrs. Ned Moore, all of Hamlin.

Great grandparents are Mr. and Mrs. Joe Dillingham and Mrs. Ruby Hymer, all of Hamlin, and Mrs. B. P. Pillans of Cross Plains.

this country live in the most un-paid-for houses.

Understand, I don't think there's anything wrong with being out of debt, if you like to be different, but it's just that you'd be so out of step with your neighbors, big business, and the government of the United States that you're not going to catch me doing it. Show me a debt-free country and I'll show you America before Columbus discovered it.

If you can locate that man who doesn't owe any money, I'd like to get a close look at him.

Yours faithfully,
J. A.

for a Better Tomorrow

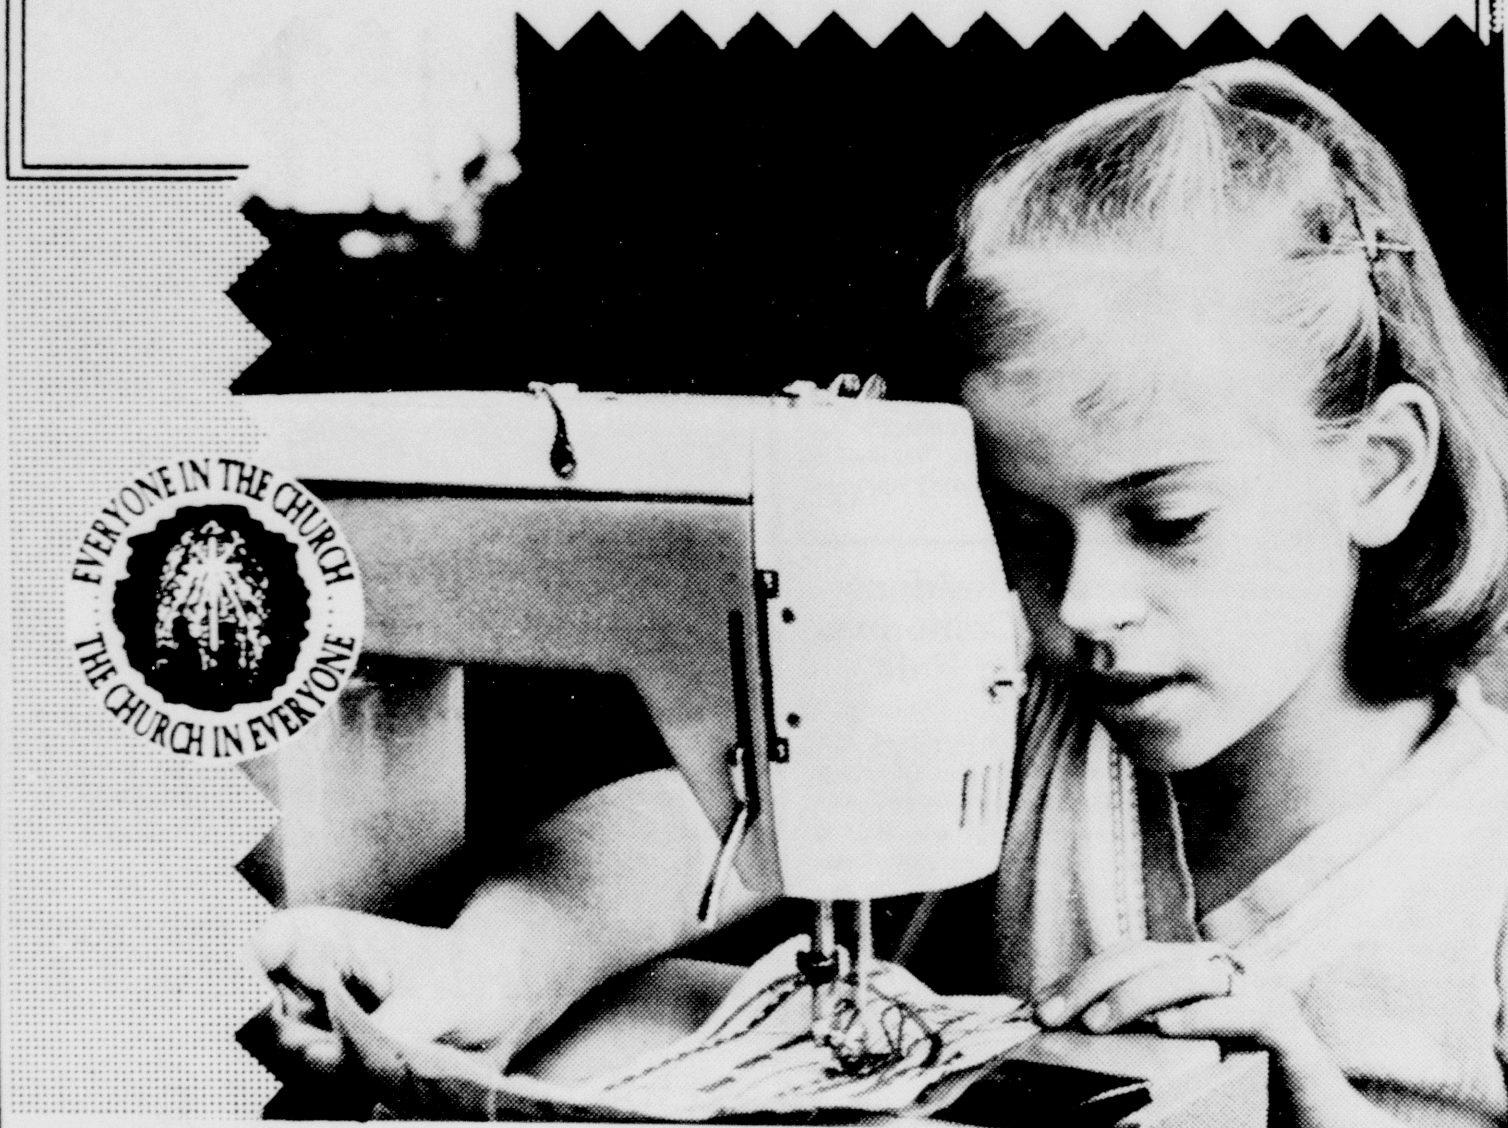

Working, learning to sew . . . Now, something simple is being prepared and soon her own dresses, and in the future, clothing for her own family. Training is important in the lives of our children.

Spiritual training is a must in the lives of our young ones.

"Train up a child in the way he should go; and when he is old, he will not depart from it."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Jo Lynn Johnson Returns From 12-Day Tour to Washington, D. C.

Jo Lynn Johnson, a recent Hamlin High School graduate, was a guest of Texas Electric Cooperatives, Inc., for a twelve-day tour to Washington, D. C. She returned Tuesday evening from the "Government in Action" Youth tour.

Miss Johnson and Hector Del Toro of Hermleigh earned the trip by winning an oratorical contest sponsored by Midwest Electric Cooperative of Roby last December.

In Waxahachie June 6, they met some 85 other winners of similar contests and were briefed for the trip to the nation's capital city which began June 7.

After overnight stops in Memphis and Knoxville, Tenn., the young people and their chaperones arrived in Wash-

ington, D. C. at 6 p.m. Monday, June 9. The tour that evening of Monuments and Memorials included the Jefferson Monument which, Miss Johnson said, was her favorite. The cherry blossoms in full bloom made the sight most impressive, she mentioned.

Tuesday's tour included the Tomb of the Unknown Soldier, Curtis Lee Mansion, Wreath Laying Ceremony, Kennedy Grave, National Archives, Wax Museum, Mount Vernon, Marine Corps Ceremony and Two Jima Monument.

Wednesday was Rural Youth Day at Marriott Inn. That afternoon during a tour of the Capitol and the Congressional reception, Miss Johnson met Senator Ralph Yarborough and Congressman Omar Burrellson.

Thursday was spent touring the White House and visiting National Rural Electric Cooperative Association, touring the Library of Congress, Supreme Court and seeing the Senate in Action. They saw Ted Kennedy and other senators. A Potomac Cruise was planned that evening.

Friday's activities included a tour of Smithsonian Institution Complex.

On the return home overnight stops again were at Knoxville and Memphis Tenn. Monday evening was spent at Texarkana, Texas. The trip was made to take a horse to Mrs. Flenniken's son, Tommy Flenniken.

Miss Johnson, daughter of Mr. and Mrs. John Johnson, and Del Toro were met in Waxahachie by Mr. Waddell of Midwest Electric Cooperative, Roby.

Each participant will be available to present a program on his trip to any civic or community organization.

Mrs. Flenniken, Family, Tour Calif., Visit Fess Parker

Mrs. T. W. Flenniken, Clyde and her daughter, Mrs. Mack Shurbet, Melissa and Melanie of Plainview, returned June 11 from a trip to California which included an unexpected two-day visit with Fess Parker in Santa Barbara.

The trip was made to take a horse to Mrs. Flenniken's son, Tommy Flenniken. They visited with Mr. and Mrs. Flenniken and their son, Tommy, in Chowchilla, the Texas travelers, accompanied by the younger Tommy, started toward home.

In Santa Barbara, they were driving around, planning to drive by Fess Parker's home. They located him riding a horse. He invited them to return the next day to attend a polo game at a private club Sunday afternoon and then visit at his home. They brought home avocados picked from his back yard.

The Flennikens became acquainted with Fess Parker in Abilene through Clyde's appearances on the March of Dimes telemar.

Parker invited them to visit the location at Thousand Oaks Monday where the outdoor scenes for the Daniel Boone fall series was being filmed.

Some of the other places visited on the 13-day trip were the prison at Yuma, Ariz., Disneyland, Marineland, Knott's Berry Farm at Anaheim, Calif., and the San Francisco Giants Training Ground.

year in high school each year.

The 1969 session of the American Legion Auxiliary Bluebonnet Girls' State has grown from an experimental conference of 94 girls, held at Baylor University in 1941, to become the largest single extracurricular educational program for high school girls in Texas. This year, 430 girls are in attendance, plus two from Mexico City, making a total of more than 8,400 girls in Texas who have participated in this top-level citizenship program.

Wins Saddle

T. W. Flenniken won a saddle at the Throckmorton Annual Amateur Rodeo last weekend in the 50 years old and older calf roping.

His average was 14.5 on two calves.

Ladies Golf Meet

Tuesday at 2 p.m. all ladies who are members of the Women's Golf Association are requested to be present for a one afternoon tournament. There will be eighteen holes of medal play with the winner receiving a trophy.

Mary Jane Wallace, Marcia Steele Hold Offices At Girls State

Mary Jane Wallace and Marcia Steele, Hamlin High School's representatives to the American Legion Auxiliary Bluebonnet Girls' State, now in progress at St. Edward's University in Austin, have been elected to county and city offices, respectively.

Mary Jane, daughter of Mr. and Mrs. V. M. Wallace,

was elected Chairman, Precinct 4 County of Chimes, Nationalist Party, in the June 11 election.

Marcia, daughter of Mr. and Mrs. J. H. Steele, was elected City Councilman, Place 1, Galahad's Grotto, in the June 12 election.

The girls are sponsored jointly by the Hamlin Lions and Rotary Clubs through the American Legion Auxiliary Unit No. 100.

Judy Jenkins, Texas Tech senior, is a counselor. She is the daughter of Mr. and Mrs. E. N. Jenkins.

Girls State was organized as a national Americanism activity in 1937 by the American Legion Auxiliary. Non partisan and non-political, the purpose of the Girls State program is to provide citizenship training for girls of high school age, to afford them an opportunity to live together as a self-governing group and to inform them of the duties, privileges, rights, and responsibilities which they will assume when they become adults. They learn the problems of government by performing the same duties as office holders. Citizens are selected at local levels principally on a basis of character and leadership from students who have just completed their junior

NEWS FROM . . .

Old Glory

By JUDY WHITE

Rain, the 240 inches that fell here Friday night, is the big news in Old Glory this week. It came just right when most everyone had harvested their grain and the cotton was up and needing moisture. Mr. and Mrs. Charlie Letz returned home last week after a two week trip. They first attended the graduation exercises of their grandson, Michael Vanderworth in Denver, Colo.; from there they traveled through Wyoming, Utah, Oregon, California, Ne-

vada, and back to Texas. They reported a very interesting trip.

Several people from here attended the funeral of Mrs. Stella Mae Trice in Haskell last Thursday. Mrs. Trice taught school in Old Glory at one time and she and Mr. Trice were married while she was living here.

Visitors in the home of Mr. H. E. Carr last week included Mrs. Elmore Thomas of Mineral Wells and Mr. and Mrs. Bishop Camper and their daughter and husband, Mr. and Mrs. Ray Halls of Roswell, N. Mex.

Judy White is sponsoring a group of girls from Sweet

Home Baptist Church to Junior GA Camp at Lueders this week.

Visitors in the home of Mr. and Mrs. G. F. Spitzer last Sunday were Mr. and Mrs. Dean Letz and boys of Abilene, Mr. and Mrs. Kenneth Spitzer and boys of Stamford, and Mrs. W. G. Wienke.

Mrs. J. F. Newman and Mrs. Mack Newman and son visited in San Antonio with Mr. and Mrs. Billy Lackey and son last weekend.

J. V. Ritenour was a dinner guest in the home of Mr. and Mrs. James Martin last week.

VARIETY CLUB
The Old Glory Variety Club met in the home of Mrs. Tra-

vis Bell Tuesday of last week. Seven members were present and enjoyed games of "84."

The next meeting will be in the home of Mrs. E. H. Diers Tuesday June 24.

Mr. and Mrs. Beno Herttenberger were in Stamford last Thursday where their daughter-in-law, Mrs. Roy Herttenberger of Aspermont, underwent surgery at the Stamford Memorial Hospital.

Mr. and Mrs. Thomas Letz and Brian of Graham were here last weekend visiting their parents, Mr. and Mrs. Charlie Letz and Mr. and Mrs. C. T. Pierce.

Visitors in the home of Mr. and Mrs. H. L. Boles last Sun-

day were Mr. and Mrs. Sam Houston and children of Abilene, and Mr. and Mrs. Donald Boles and children of Hamlin.

Mr. and Mrs. Hank Peden of Dallas spent Father's Day here with her parents Mr. and Mrs. Beno Erdman.

Mr. and Mrs. Ken Jarosz visited her parents, Mr. and Mrs. E. N. Jenkins, following his discharge from the U. S. Air Force. He served six years in the service and July 16 will go to Los Angeles, Calif., to train in the Boeing 720 for three months preparing to be a commercial pilot with Western International Air Lines.
